Subject: Port of London Authority Response: Consultation on Main Modifications to the Proposed Submission North London Waste Plan

FAO: Victoria Manning

Dear Victoria

Thank you for consulting the Port of London Authority (PLA) on the Main Modifications to the Proposed Submission North London Waste Plan. For information, the PLA is the Statutory Harbour Authority for the Tidal Thames between Teddington and the Thames Estuary. Its statutory functions include responsibility for conservancy, dredging, maintaining the public navigation and controlling vessel movement's and its consent is required for the carrying out of all works and dredging in the river and the provision of moorings. The PLA's functions also include for the promotion of the use of the River Thames as an important strategic transport corridor in London.

I have now had the opportunity to review the modifications to the proposed submission North London Waste Plan and can confirm that the PLA has no comments to make.

Regards

Michael
