Dear Victoria,

Examination of the North London Waste Plan and the revised National Planning Policy Framework

You will be aware that the Government published a revised National Planning Policy Framework (the Framework) on 20 July 2021. There are no transitional arrangements for Local Plans submitted after 24 January 2019. As such, the policies in the Framework are material considerations from the day of its publication and plans may also need to be revised to reflect the changes which have been made. One of the tests of soundness in paragraph 35 of the Framework is consistency with national policy.

I recognise that the Plan is at a late stage of the examination and a pragmatic approach may need to be taken in this matter. Consequently, I would welcome the Boroughs' comments on the implications of this for the Examination by close of business on **Thursday 5 August 2021**. Those who have already submitted a response to the consultation on the main modifications may also wish to submit comments covering *this specific topic only*, by the close of business on **Thursday 5 August 2021**. Any comments on this topic should be no longer **3,000 words** and submitted in electronic format to the Programme Officer via the e-mail address above.

If you require any further clarification on the contents of this note, please contact the Programme Officer via the contact details above in the first instance.

Yours sincerely,

Stephen Normington

INSPECTOR
